

## New Boxes Due for Hamlin Post Office

**CONFEDERATE VET**—A recent picture of Thomas E. Riddle, one of the remaining veterans of the War between the States, taken in the Austin Confederate Home for Men.

## Only 2,598 Poll Tax Receipts Issued To County Voters

Poll tax payments in Jones County for this year are approximately half the record number of 5,196 last year, it was disclosed by Elzy Bennett, tax assessor-collector, Wednesday.

All but 12 or 15 of the mail requests for poll tax receipts had been mailed by Wednesday morning to make a total of 2,598 issued up to that time. Applications were not enclosed with the remaining mail requests and additional correspondence would be necessary before receipts were issued, Bennett said.

A let-down of interest following a hot presidential campaign year and an "off year" for local elections are the reasons assigned for the drop in poll tax payments in the county.

## Starr Inzer Plants Clover to Build Soil

Starr Inzer, who cooperates with the California Creek Soil Conservation District on his farms at Hamlin, planted five acres of Madrid clover with oats last week. He planted the clover with his oats for soil improvement and grazing.

## Increased Registrations of Automobiles Expected as Plates for 1953 Go on Sale

New automobile license plates for 1953 were due to go on sale in Jones County Thursday (yesterday), according to Elzy Bennett, tax assessor-collector. Deadline for displaying new plates is March 31.

Tags for Hamlin area cars, trucks, trailers and other vehicles are being handled in Hamlin by King's Supply.

## Livestock Producers Urged to Keep Alert For Cattle Lice in Area

Livestock producers of the Hamlin sector are cautioned to be on the lookout for cattle lice. They are abundant and injurious to cattle during winter and spring months, when the hair is long, according to Bill Lehmberg, county agent.

Both DDT and toxaphene give good control, Lehmberg reports. The animal can be sprayed with eight pounds of 50 per cent wettable DDT powder per 100 gallons of water or 10 pounds of 40 per cent toxaphene.

Methoxychlor should be substituted for DDT for use on dairy cattle because of the danger of DDT being absorbed and stored in the butter-fat and milk. It is used at the same rates as DDT.

## New Equipment Will Replace Boxes Installed in 1931

Hamlin post office is scheduled to get 735 new type mail boxes within a few days, it was this week announced by Postmaster Perry Sparks. They would replace the boxes that have been in use in the local post office for many years.

The new boxes were shipped by the manufacturer on February 4, Sparks said, and they should be on hand within a few days. Upon their arrival, an installation crew will be sent here from the Fort Worth regional office of the Post Office Department.

New boxes had been sought for the post office building that was completed last July 1, but the boxes were not available at that time. The present boxes were installed in the former location in 1931 and were of the safe combination type.

Sparks said that a poll of patrons of the local office conducted several months ago indicated a preference for combination style boxes over the key type that are in use in many of the new post offices, and the combination type was asked for in the requisition. However, the postmaster did not know whether the combination or key type boxes were being shipped.

The new boxes replace the same number of old style combination boxes.

## Lueders Pastor Speaks At Brotherhood Meet

"God Can" was the topic of Rev. Chester Hedrick, pastor of the Lueders Baptist Church, when he spoke Tuesday evening at the meeting of the Men's Brotherhood of the North Central Avenue Baptist Church, meeting in the home of Jack Hames.

Supper was served to attendants. Charles Connally, president of the Brotherhood, presided for the meeting. Kenneth Carey led the song service, accompanied by Melvin Hames at the piano. Bob Christian, program chairman, presented the speaker. Nineteen men attended the gathering, reports Rev. Danny Williams, pastor of the local church.

Mr. and Mrs. J. D. Greenway of Odessa were visitors over the week-end with Mr. and Mrs. Dickey. Mrs. Dickey returned home with them for a week or ten-day visit.

**SON EARNS TWO CENTS TOO MUCH!**—Waldron Hale Sr., (seated) and his son, Waldron Jr., look at the son's 1952 statement of earnings. As a copy boy on an El Paso news paper (The Times), the son earned \$600.01 last year—two cents too much for the father to obtain a \$600 income tax exemption for his son as a dependent.

## New Meeting House for Colored Baptists Takes Shape as New Donations Reported

New meeting house for the Oak Grove Colored Baptist Church has already taken shape this week as walls and partitions were placed over the week-end, and ceiling rafters were going up on Wednesday.

The \$6,000 brick veneer structure is being built under the direction of J. S. Dean, Hamlin building contractor. Two other carpenters are being assisted by a

## Five Hamlin High Music Students Go To Galveston Meet

Five music students from Hamlin High School left Wednesday with Walter Chalcraft, head of the music department, for Galveston, where they are attending the annual convention of the Texas Music Educators Association, holding sessions at the Buccaneer and Galvez Hotels.

Students making the trip were Faith Simpson, Marilyn Fletcher, Naomi Cundieff, Don Johnson and Jack Wright.

Miss Cundieff, who recently won all-state band rating at the Abilene regional band try-outs, will be entered in state competition with other bandsters from all over Texas. She is the daughter of Rev. and Mrs. John Cundieff of Sylvester.

The group will attend the various demonstrations by outstanding musical groups of Texas, including special presentations by the Southern Methodist University of Dallas and a grand concert by merged musical units Friday evening.

The Hamlin delegation will return home late Saturday.

## Vetch Planted Several Weeks Ago Still Alive

B. O. Youngquist, California Creek Soil Conservation District cooperater on his farm south of Stamford, still has hopes for four acres of vetch he planted several weeks ago.

With no rain to help it along, his vetch has come up to a good stand and is holding its own. He planted the vetch for soil improving and to furnish grazing if needed.

# Old Minister Found By Highway Patrol

## McClung Named Camp Fire Girls Board President

R. L. McClung, executive of the Midwest Cooperative Oil Mill of Hamlin, was named president of the Hamlin area Camp Fire Girls board when the official group was organized Tuesday evening in a session at the hut in West Hamlin.

W. A. Albritton was elected as vice president. A secretary will be named at a later meeting of the group, it was declared.

Committee chairmen for the ensuing year were named as follows: Mrs. Thomas Ferguson, awards; Mrs. Ned Moore, training; John C. Bryant, finance; G. T. Black, camping; Mrs. Willard Jones, public relations; Mrs. M. T. York, extension; Rev. Miles B. Hays, community service; Dr. Don Gould, nominations; Mrs. Lillie Austin, social; Mrs. R. L. McClung, leader's representative.

Hamlin is a member of the West Texas Area Council, with headquarters at Stamford. Towns in the council besides Hamlin are Haskell, Albany and Stamford.

Preliminary plans for the annual finance drive for the Hamlin section were discussed. Hamlin has been allotted a \$750 quota in the council campaign for funds, it was pointed out. Date for the fund-raising drive will be set in a few days.

McClung is first vice president of the West Texas Area Council. Mrs. Fred Smith, also of Hamlin, is social committee chairman for the council.

## Third Sunday Singing Scheduled at Dovie

Music lovers of the area are invited to the regular third Sunday singing at Dovie Church, five miles east of Hamlin, Sunday afternoon.

Singing will get underway at 2:00 o'clock, to which the general public is invited.

## Colored Slides to Be Shown at Dovie Meet

Colored slide pictures made by L. E. Touchon of Hamlin will be shown in connection with the Friday night singing at Dovie Church, five miles east of Hamlin, this evening, community leaders announce.

Included in the pictures will be shots made recently at the Joe Murff farm when neighbors were working the farm of Murff, who was seriously injured several weeks ago in a cotton picker accident.

**BEAUMONT ENVOY**—R. W. (Bob) Akers, 47, editor of the Beaumont Enterprise, is one of several Americans making a swing through foreign lands at state department request. Akers (above) will explain how operated to Indians, Burmese, Indonesians, Thais, Japanese, Koreans and Filipinos.

## Entries Sought for Talent Show Set By Nienda Group

Entries for a talent show are being sought by the Nienda Home Demonstration Club for a talent show to be staged at the Nienda community center in March. It was announced this week by community leaders.

A program in which the entries will participate in contests will be staged under the sponsorship of Dixie Boy Jordan's home talent show from Wichita Falls, date for which will be announced later. "We need talent of all kinds," declared Mrs. A. V. Westmoreland, who urged entries to see her or phone 202-W3 not later than Tuesday, February 17. "Singers, clowns, musical combinations, comedy acts, quartets and the like are desirable numbers for the show," Mrs. Westmoreland said. Entries also will be accepted in writing, she pointed out. Kind of number and mailing address or phone number should be given in written entries.

## Hamlin Not Only Area Suffering Loss In Income of Farms

Hamlin section was not the only one suffering in farm income declines during the past year, according to tabulations released this week.

Farm cash income in Texas during 1952 was \$1,847,708,000—a 14 per cent drop from the 1951 total, the University of Texas Bureau of Business Research reports. Most severe reverses came to producers of cotton (down \$188,000,000), cattle (down \$95,000,000), and calves (down \$44,000,000). Wool, sheep and hog revenues each were \$12,000,000 less than in 1951. However, income was up from wheat (\$38,000,000), rice (\$23,000,000), and cottonseed (up \$21,000,000).

Most of the total reduction resulted from price declines, the bureau says.

## Civil Service Exams For Hamlin Scheduled

Fourteenth U. S. Civil Service Region has announced examinations for substitute clerk-carrier at \$1.61½ per hour for employment in the Hamlin post office.

Further information and application forms can be obtained from the commission's local secretary, Ed Lewis, at the post office or from the Regional Director, Fourteenth U. S. Civil Service Region, Room 809, 1114 Commerce Street, Dallas 2, Texas.

## Search of Area Made by Firemen Until Note Found

Fear by the family of Rev. J. B. Turner of Route 3, Hamlin, that the 77-year-old retired Baptist minister had met foul play or had become lost was alleviated Saturday night when the man was picked up by members of the Texas Highway Department of Public Safety on the Highway 177 overpass at Stamford.

Rev. Turner disappeared from his home south of Hamlin Wednesday morning. His wife was away from home at the time, visiting with a sick relative. When the retired minister failed to return home an alarm was sounded by members of his family last Wednesday night.

Members of the Hamlin Volunteer Fire Department headed a concerted search of the territory south and west of Hamlin. It had been reported that the elderly man had been seen on the Santa Fe Railway tracks southwest of town that day. Sections of country toward the Celotex mill and toward Hilton were combed by the firemen and others.

However, the search was called off late Wednesday night when a note from Rev. Turner was found at the family home in an envelope in which an old age pension check had arrived last Wednesday. The note advised the family he was leaving and would be heard from within a month. However, the family, fearing foul play or illness, continued the search for the missing husband and father.

When picked up by the highway patrolman at Stamford, Rev. Turner is reported to have said he had been to Arizona.

## James G. Sedberry Arrives in Korea with 45th Infantry Unit

Private First Class James G. Sedberry, whose wife, Deweylene, lives at Hamlin, is serving in Korea with the 45th Infantry Division.

The 45th arrived in Korea in December, 1951, and captured T-Bone Hill in June's see-saw hill battles.

World War II veterans will remember this same division in 1944 held its toe-hold on Anzio beach-head for four months against violent German assaults. They then attacked across the Tiber River and outflanked Rome.

Sedberry, reconnaissance crewman, arrived in Korea January 16. He was formerly assigned to the 44th Infantry Division at Camp Cooke, California.

A 1947 graduate of Hamlin High School, he was a rancher before entering the Army in December, 1951. His father, J. M. Sedberry, also lives at Hamlin.

Mr. and Mrs. Lee Hastings are entertaining a new girl in their home. The little miss was born February 9 at 6:23 p. m. at the Callan Hospital in Rotan. Tipping the scales at nine pounds nine ounces, she has been named Sharon Faye.

Two new arrivals were recorded by the Hamlin Memorial Hospital during the past week since last weeks report in The Herald. Both boys, they were:

A boy for Mr. and Mrs. Billy Wayne Reed, who arrived February 5 at 4:45 a. m. Weighing seven pounds two ounces, he has been named Larry Wayne.

A boy for Mr. and Mrs. Bill Bailey, who was born February 7 at 12:15 p. m. He will answer to the name Billy Wayne. He balanced the scales at six pounds 14 ounces.

**CONGRATULATIONS, AND \$6,000**—Miss Sue White of Big Spring, owner of the Southern Exposition and Fat Stock Show's grand champion steer, is congratulated (above) by Amos Carter just after the steer was sold for \$6,000 to the Amos G. Carter Foundation.

## THE NEW YEAR CHALLENGES HAMLIN CITIZENS

New fiscal year for the Hamlin Chamber of Commerce is just beginning, with the recent organization of the new board of directors and election of a new president for the ensuing year of work.

As in other years, Hamlin has a wonderful opportunity to further progress in a civic way by meeting the challenge of bids for new industries that are annually establishing new or branch plants in the prosperous, ever-expanding Southwest. Where these industries are established depends to a very great extent upon the invitations and cooperation given the prospective newcomers by communities acting through such organizations as Chambers of Commerce.

C. L. Howard, new CC president, will make the success of his regime only to the extent that people of the Hamlin community work with him and the board of directors. And by cooperation is not meant just a willingness on the part of individuals—willingness to let somebody else do the thinking, the planning, the backing financially and the carrying out of a program of work for the community.

## Not So Different

Public opinion, samplings indicate that many of us believe corporations earn far greater profits than is actually the case—an d that the stockholders who own the corporations cut deep into the money that is taken in through sales or services.

Actually, the largest share by far—86 per cent—of all the income of our corporations goes to labor, to the men and women who work for them.

Profit is one of the small items in the average corporation's balance sheets. In a typical year it works out to less than seven cents of each sales dollar. And not all of the profit goes to the stockholders in dividends. In most cases a substantial proportion of it is plowed back into the business, to build on dimprove plants which employ more labor, to create financial reserves, and so on. In some cases the bulk of the profit is used in this fashion.

In late years the number of individual shareholders in American enterprise has been rapidly growing. Most of the shareholders today are typical American men and women—people with average jobs and moderate incomes. They put part of their savings in stocks in which they have faith—just as savings are invested in bank accounts, insurance policies, government bonds or anything else of value.

Wall Street isn't so different from Main Street after all!

## Chewing Gum Is Popular

On the average, every man, woman and child in the United States chews 130 sticks of gum a year.

American pioneers chewed the resin of the black spruce and other trees, and later, a refined paraffine was used to chew. Chicle, which is the base of modern chewing gum, was first imported to America in an attempt to develop a rubber substitute. The tests were unsuccessful, but it was accidentally discovered that chicle was ideal as a chewing gum base.

William F. Semple of Ohio got the first chewing gum patent in 1869, and the first factory was started on 1869.

William Wrigley Jr. was the man who made chewing gum big business. He drove through the countryside selling soap and baking powder. To stimulate sales he offered dealers various premiums for greater sales. After trying many items, he found that chewing gum made the biggest hit—and eventually, that the gum was more in demand than the soap or baking powder.

And so he went into the business of manufacturing and selling chewing gum.

Our little city is suffering from a bad case now of that sort of willingness. Maybe that is the reason no major new enterprise has come to this community for months.

That is the reason no action was taken several weeks ago when a small Eastern manufacturing concern asked for information about the community in anticipation of putting a plant in Hamlin.

This plant, with a possible weekly payroll of \$50,000, would have meant so much to the economy of the community—providing potential food buyers, dry goods buyers, automobile buyers, renters and purchases of all sort of services from Hamlin business establishments.

Possibly a small group of citizens, armed with a proposition to build a building to specifications for the plant (which any one of several residents would have erected on a lease contract), plus information, making a trip to the Eastern concern, could have landed the enterprise.

Let's back the new CC administration with our assurances of proper support—not mere willingness, but aggressive backing.

## Our Lips and Ears

If you your lips would keep from slips

Five things observe with care:  
Of whom you speak, to whom you speak,  
And how and when and where.

If you your ears would save from jeers,  
These things keep meekly hid;  
Myself and I, and mine and my,  
And how I do and did.

Great Britain is a modern example of the fallacy of establishing the "Welfare State." A once-proud, self-reliant nation already has a greatly reduced standard of living for its people. Regarding this the London Economist has this to say: "In the long run nobody owes the British people a living and the point must come when they enjoy only that standard of living for which they are prepared to work."

## Editorial of the Week

OUR COTTON RECORD.

We read in last week's 20 Years Ago column that cotton ginning figures released for Taylor County placed a total of 57,809 bales. The sum is larger by almost 1,000 bales than the next highest production. This year, the record made here would possibly be the record on the opposite end.

Nature is kind. Or she is hard. She gives plenty in some years and then in some years she takes back all she gives. Twenty years ago she gave lavishly with a record production of cotton, reaching 57,809 bales. This year the county ginned 1,526 bales prior to January 16.

The farmer has to gamble. He works the ground; he plows, he sows seed and then he looks to the future. He waits for rain. Maybe it will rain, maybe it won't. But he waits. If it comes, he is lucky, he makes a crop. If it doesn't come, he is unlucky and his crop is a failure.

Nature is unpredictable. She is kind. She is hard.

What can be done about it? The Soil Conservation Districts, the Soil Conservation Service and other agricultural agencies work with the farmer, offering suggestions of what to do to make the land produce under hard conditions. Even in dry years they have ideas that will keep the farmer from gambling too much.

Coleman O'Brien, manager of the local Soil Conservation Service and his staff, B. R. Eidson and H. C. Reynolds, assisting the Middle Clear Fork Soil Conservation District, are doing splendid work, trying to pry open the secrets that Nature has hidden that will be of help to the farmer, the stockman, the rancher.

Yes, nature is unpredictable. She is kind. She is hard. So is life. The problem for all of us to solve is how to make her less hard, how to make her kinder.—The Merkel Mail.

## RECALLING Other Years

☆ Being news items taken from old files of Your Home Town Newspaper, The Herald

### TWENTY YEARS AGO.

From the files of The Hamlin Herald dated February 10, 1933, the following news briefs are reproduced:

Pearl Hudson has been in Dallas most of the week purchasing ladies' ready-to-wear for Bryant-Link Company.

R. E. Brewer, blacksmith, advertises the following prices on blacksmithing: Sharpening butter points, 12-inch, two for 25 cents; cultivator sweeps, per pair, 10 cents up.

Strauss Dry Goods Company quoted the following prices: Fast color prints, nine cents per yard; ladies' wash dresses, 59 to 95 cents; men's work shoes, 98 cents.

Plans are underway for the second annual Tri-County Fair to be held at Hamlin March 17 and 18. Committee heads for various departments have been named as follows: Starr Inzer, rodeo; J. J. Waggoner, foods; Tate May, pigs; T. C. Willet, poultry and rabbits; E. Earl Isbell, horses, mules, milk cows; Tom Vaughan, buildings and grounds; B. L. Jones, calves; John H. Crabb, music; Arlie Casle, advertising.

### TEN YEARS AGO.

From the issue of The Hamlin Herald dated February 5, 1943, the following news briefs are reprinted:

Lois Stell has completed her courses at North Texas State Teachers College at Denton. She has accepted a home economics teaching position in the Allison school in Wheeler County.

Editor Will Gay of Moody was here the past week-end to visit his parents, Mr. and Mrs. J. W. Gay, and other relatives.

Mr. and Mrs. Denman Morgan and little daughter, Geraldine, of Lubbock and Nadine Morgan of Wichita Falls were at home for the week-end with their parents, Mr. and Mrs. J. P. Morgan.

Kathryn Gardner spent the week-end at home with her parents, Mr. and Mrs. B. H. Gardner. She is in the clerical department of the quartermaster service at Camp Howze, Gainesville.

Mrs. V. R. Bond, drive chairman, reports that 805 dimes were gathered Saturday in Hamlin for the March of Dimes by the Girl Scouts.

Simpson's Grocery was damaged by fire last Thursday night. Quick work by the fire department averted possible destruction of the store.

### FIVE YEARS AGO.

The items below are taken from the issue of The Hamlin Herald dated February 6, 1948:

Mr. and Mrs. Stanley Hugh Carmichael are the parents of a little daughter, Dana Lynn, born February 1 at Hendrick Memorial Hospital at Abilene.

Jones County vocational school for veterans has repaid the Hamlin Chamber of Commerce and the Junior Chamber of Commerce the money loaned by the organizations for establishment of the veterans' training school. A total of 180 men are attending classes.

Nearly 6,000 poll tax payments were paid before the February 1 deadline by Jones County citizens, according to Elzy Bennett, tax assessor-collector at Anson.

Ava and Valeria Hudson honored several members of their family with a birthday dinner in their home Sunday. Honored were Mr. and Mrs. R. E. Gilbreath, Ben Renfro and Jackie Weekly.

### ONE YEAR AGO.

The following news briefs were taken from the issue of The Hamlin Herald dated February 8, 1952: Rainfall for 1951 was this week tabulated by The Herald. Total for the year amounted to 18.49 inches, which was 2.63 inches less than the average for the past 10 years at Hamlin.

Finishing touches to the new \$100,000 Primary School building are being given, and the structure will be ready for occupancy about March 1, according to I. R. Hutchinson, superintendent of Hamlin schools.

Delbert Downing, manager of the Midland Chamber of Commerce, will be speaker at the annual membership banquet of the Hamlin Chamber of Commerce on March 14.

Total of 150 pints of blood was donated by Hamlin area residents in the five-hour visit of the Red Cross Bloodmobile in Hamlin on Wednesday. This was 60 pints less than the quota set for Hamlin by the Jones County Red Cross chapter.

Total of \$1,442 has been raised in the Hamlin March of Dimes campaign, reports Starr Inzer, community drive chairman.

## More Orderly Marketing of Livestock Destined to Improve Fort Worth Market

Slaughter steers and yearlings opened the week at Fort Worth with around 50 cents higher prices, reports Ted Gouldy, special market reporter, in his weekly release to The Herald. The prices made advances above the low time of the previous week fully \$1 to \$2.

Cows sold 50 cents higher, or \$1 above a week earlier. Calves and stocker and feeder classes revealed similar strength and some to better advantage. Bulls gained 50 cents.

Slaughter sheep and lambs ruled fully steady, lambs holding to the substantial advances of a week ago. Feeders also drew firm prices. Hog shipments were resumed following a week-end shutdown caused by a suspected case of VE appearing on the yards. The suspected vesicular exanthema hogs were destroyed and yards cleaned and disinfected. Demand for good hogs has been strong.

A feeling persisted around the Fort Worth stockyards that more orderly marketing of fed cattle and less bunching of shipments would be seen in the coming weeks and this should strengthen the market on those classes.

Good and choice fed steers and yearlings cashed at \$18 to \$23.50

in most sales, just a few above that range. Common and medium slaughter kinds sold for \$13 to \$18, a few shelly kinds lower. Beef cows drew \$13.50 to \$16, and canners and cutters sold for \$13 to \$13.50. Bulls cashed at \$10 to \$17.50.

Good and choice slaughter calves drew \$19 to \$23, and common and medium slaughter grades sold for \$13 to \$18. Culls sold from \$10 to \$13. Good and choice stocker steer calves drew \$18 to \$23. Stocker steer yearlings sold mainly from \$22 downward. Stocker cows cleared at \$13 to \$20.

Medium, good and choice grade slaughter lambs sold from \$16 to \$20, a few at \$21. Shorn lambs cashed at \$19.50 downward. Stocker and feeder lambs sold from \$12 to \$16, some choice fleshy and fat shearing type lambs upwards to \$19.50. Slaughter ewes sold from \$6 to \$8.50. Slaughter yearlings and older wethers sold mainly from \$10 to \$15.

Although no hogs arrived at Fort Worth for sale Monday because of the embargo, the markets were generally higher over the nation, and top hogs were considered quotable in the \$19.50 to \$20 level.

## Vegetables Are Made Part of Every Menu Served at Cafeterias

Vegetables are made a part of every meal at the three Hamlin School cafeterias, and dietitians endeavor to make them savory and taste-tempting. As a result the students in the main eat the recommended minimum of vitamin rich vegetables.

Menus for the coming week, typical of those served regularly at the cafeterias, follow:

Monday—Macaroni and cheese or sliced cheese, green beans and potatoes, Harvard beef, cake with filling, milk and bread.

Tuesday—Pinto beans and cornbread, spinach and wieners, cabbage and pineapple salad, cookies, bread and milk.

Wednesday—Frito pie, English pea salad, pickles, stewed potatoes, bread, cookies and milk.

Thursday—Sandwiches and po-

## Livestock Shipments Keep Late 1952 Drop

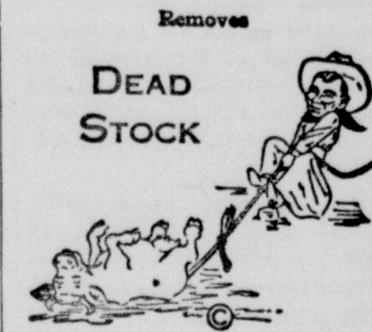

Livestock shipments from the Hamlin area and the rest of Texas continued to decline in December, which began in November, the University of Texas Bureau of Business Research reports.

The 5,965 carloads moved in December were 10 per cent fewer than in November, but 20 per cent more than in December, 1951, the researchers declare.

tato chips, fruit jello, bread, ice cream and milk.

Friday—Beans, fried potatoes, health salad, gingerbread, bread and milk.

## Highlights and Sidelights FROM Your State CAPITOL

By Vern Sanford, Manager, Texas Press Association.

**Austin.**—One step in the direction of solving the state's difficult highway problem was taken when the Legislature passed a resolution asking the federal government to abandon its two cents-per-gallon gasoline tax.

States now levying an income tax have agreed to give up that revenue source if the federal government will stop taxing gasoline. Texas has no state income tax, so Texas has everything to gain and nothing to lose.

The resolution was introduced in the House by Representative Will Lee Smith of Beaumont and in the Senate by Senator Johnnie B. Rogers of Austin.

A campaign to bring about retirement of the federal government from the field of motor fuel taxation as initiated by Governor Allan Shivers and the National Conference of Governors.

Farm and highway user groups are supporting the campaign.

The resolution urges the governor to send suitable representatives from Texas to Washington to appear before congressional committees and urge repeal.

If the federal government abandons its two-cent tax, the state could impose that additional amount and thus, without actually increasing the gasoline tax as paid by the consumer, boost Texas' revenues by about \$60,000,000 a year.

That amount has been going to the federal government annually from Texas highway users. But

Texas has been receiving only about \$29,000,000 per year in federal aid to highways.

Senator George Parkhouse of Dallas introduced a bill that would set up a district (similar to a water conservation district) for the purpose of building a Fort Worth-Dallas toll road.

In his message to the Legislature, Governor Shivers suggested that a commission be appointed to study whether or not the toll road is an answer to the vexing traffic problem.

Meanwhile, E. H. Thornton Jr., chairman of the State Highway Commission, says that in his opinion toll roads are not the solution, except possibly in isolated cases such as that of the Dallas-Fort Worth route.

"Toll roads," said Thornton, "are not the panacea unless we want to embark on a program of unjustifiable deficit financing and project to the next generation the problem of paying for the road needs of our day."

"I won't subscribe to such a program, and I feel sure neither will the people of Texas."

One way to build up highway finances would be to stop diverting road user taxes.

Representative Charles Murphy of Houston has offered a constitutional amendment to require that all taxes on motor fuel and lubricants must be spent on roads.

One-fourth of the gasoline tax now goes to the public schools of Texas. If the schools should lose

this revenue, they would have to find other funds.

What's the right way to finance roads, and what's the right way to finance schools? Members of the Legislature would give you a rousing vote of thanks for an acceptable answer to that one.

If you want to see what the road situation is, one source of information would be the 1953 Texas official highway map, now released by the State Highway Department.

The map is a 10 per cent Texas product. Wood pulp for the paper was grown in East Texas. The plates were made and the printing done in Austin.

When you buy your 1953 car license you can get a special pre-addressed card that you can use to send for the map. Or you can get one at any highway department district office or by writing direct to the department in Austin. The maps are free.

Officials of the department are asking people to purchase their new automobile license plates early. The deadline is March 31. Not many county tax assessors will ask for automobile inspection certificates this year.

Members of the House of Representatives have voted for a proposed constitutional amendment which, if approved by the citizens, would raise the pay of legislators from \$10 per day to \$25 per day for the first 120 days of the legislative sessions.

If approved, the amendment would become effective January 1, 1955.

The proposal, introduced in the House by Representative Murphy of Houston, now goes to the Senate. It provides that after the first 120 days, the pay of lawmakers would drop to \$5 per day, the present rate.

In the House is a bill by Representative Robert Fatten of Jasper, who advocates the creation of a public utilities commission.

According to the terms of the bill, the governor would appoint members of the three-man commission for six-year terms.

The commission would be empowered to set telephone, gas and electricity rates, except those of consumers' cooperatives or those owned by cities.

Patten said the commission is "necessary to assure just and reasonable rates for services and utilities products and thus protect the legitimate interests of the consumer and of the utility and assure adequate and non-discriminatory services."

Authority for fixing utility rates now rests with the cities, and it is felt by proponents of Patten's bill that a state commission would tend to bring about more uniformity in the pricing of utility services.

Approved by a House committee is a bill authorizing the state to

## GOOD HEALTH

### Answer to Question No. 1:

1. Yes, especially if they are good students. As a group college graduates are considered unusually good insurance risks. A recent study showed that college graduates (both athletes and non-athletes) whose scholastic achievements brought them honors lived longer than did other students.

### Answer to Question No. 2:

2. In recent years the proportion of rural babies born in hospitals has increased more rapidly than the proportion of city babies. A good part of the increase is because of the spread of health information through

schools, newspapers and magazines, which emphasize the advisability of hospitalization for maternity cases.

### Answer to Question No. 3:

3. Goiter is caused by a lack of iodine, which is required for normal functioning of the thyroid gland. In areas where the soil and water lack iodine goiter is most prevalent, not only among humans but among dogs, cats and fish. The addition of iodized salt to the diet in these areas is one means of correction. Not all forms are so serious as to need surgery. Consult your doctor.

(Copyright 1950 by Health Information Foundation)

issue \$6,000,000 in revenue bonds and use the money to build a state office building and a courts building in Austin on property which is publicly owned.

Author of the measure is Representative Bill Daniel of Liberty, who says that construction of the new buildings would save Texas \$441,520 per year in rents now paid for office space in privately owned buildings around the capitol.

Speaking for the bill at the committee's hearings were Supreme Court Justices St. John Garwood, Meade Griffin and Robert Calvert, who said working conditions in their offices in the capitol are crowded and uncomfortable.

Should banks close on Saturday? That question is stirring up interest and causing letter writers to address members of the Legislature.

The present regulation is that banks must stay open five and a half days a week, except for 13 legal holidays. But a number of big city banks are supporting the five-day banking week, as proposed in a bill introduced in the House of Representatives W. H. Abington of Fort Worth and Garth Bates of Houston and by Senator Parkhouse in the Senate.

Some big banks are supporting the measure because they feel it will help them to institute a five-day, eight-hour work week.

Country banks are inclined to oppose the proposition because they do a lot of business with farmers and ranchers on Saturday.

The bill is merely permissive—

## Roger Babson Declares Korean Action Is Part of U. S. Policing to Hold Powers

Roger W. Babson, internationally known economist and analyst, who is a regular contributor to columns of The Herald, this week discusses Korea. He writes:

It may be out of place for me, a mere statistician, to discuss Korea, I have visited Japan, China and the Philippines, but have never been to Korea.

One of my experts, however, is leaving this month on a round-the-world trip and will later bring back a report which I will pass along to my readers.

Here at my winter headquarters I have a library of over 10,000 volumes, some of which were published previous to 1760. While here the past month I have spent much time reading the history of the modern world, which dates back to the Roman Empire. There are two outstanding facts: (1) Some one nation was always the "top dog;" (2) that nation was usually at war with some other nation which was attempting to top over her "apple cart."

The Roman Empire started with good leaders and the best intentions, but it was continually at war. These wars were not to seek more power, but to prevent other nations from seizing the power which Rome then held. Every high school student who has studied "Caesar" knows the story. Finally, Rome was economically exhausted with these continued conflicts, and the Roman Empire collapsed. Later, the Spanish Empire took the leadership and went through the same experiences. Then the French took the ball.

Following Rome, Spain and France, England became the world's greatest power. She held this leadership until the first World War. Her battle cruisers were in every large port and she policed the world, and was usually fighting somewhere. She just had to do this to hold her position. England also was rich and did the world's banking, insurance and shipping. The English pound sterling was then the world's universal currency, as is our dollar today. Germany, however, then looked with envious eyes on England, as Russia is now jealous of us. In her endeavor to continue as "top dog," England went to war against Germany in 1914 and again in 1940. These last two wars bled England so that she is now a second rate power. There now is little hope of her getting strong again.

The United States is now the richest and most powerful nation of the world. We have taken the world leadership from England. But with this leadership come responsibilities. We must police the world. We are like a boy who is the gang leader. In order to remain, he starts no fights; but if some other boy starts a fight with him or with any member of his gang, he must fight this upstart. Otherwise, he is no longer a leader. His influence is gone. This is the situation which the United States has gotten into. We should blame no one. It just happened.

Unfortunately, we are like the man who had the "bull by the tails." He was asking himself, "Shall I let go or hang on?" If we are to defend our position of leadership we must continue to fight in Korea and wherever we are challenged. This means we must "hang onto the bull's tail," but this is and will continue to be an unhappy position. On the other hand, if we swallow our pride and withdraw from Korea we become a second class nation.

I have a strong feeling that the Chinese will get tired of the

## GOOD NEIGHBORS.

And speaking of credit, a finance agency was having difficulty collecting from a man named Jones. Finally, they wrote him: "Dear Mr. Jones: What would your neighbors think if we came to your town and repossessed your car?"

A week later they received their letter back. Scrawled across its face was the following: "I took the matter up with my neighbors and they think it would be a lousy trick. Sincerely—J. Jones."

Despotism may rule without faith, but freedom cannot.

fighting. Then Eisenhower will work out some kind of a temporary peace with Russia which will "save face" all around. But it will be only temporary. Russia does not want World War III so long as Stalin lives; but she is determined to worry us and bleed us economically so long as she can do so.

Mothers, sisters and sweethearts are very anxious to end the Korean war. I think this will be done with honor. But I further forecast that, within a year after the Korean peace, trouble will break out elsewhere. We all must expect our sons to be sent to fight somewhere at some time. The sooner we get used to both worries and taxes, the better for all concerned.

## Abilene Woman Reviews Book Friday At Texas Day Program of 52 Study Club

Mrs. L. E. Dudley and Eudora Hawkins were honor guests of the Fifty-Two Study Club officers at a buffet luncheon in the home of Mrs. Jack Richey, club president, at 1:00 o'clock Friday afternoon.

Club colors of pink and silver

## Dad-and-Daughter Banquet Scheduled

A dad-and-daughter banquet to be sponsored by the Hamlin Camp Fire Girls board has been planned for Friday evening, February 27, it was announced following the Tuesday evening meeting of the official board for the movement at Hamlin. R. L. McClung is new president of the board.

Site of the banquet will be named by the social committee of the board within a few days. The feast and program will be for all Camp Fire Girls and their dads.

Forty-third birthday of the Camp Fire Girl movement will be observed March 15, McClung has announced.

were carried out in the table decorations. The dining table covered with a brown lace cloth, was centered with club flowers, pink carnations, in a marine blue arrangement, flanked by long pink candles. Two Hummel figurines, which were gifts from a relative in Germany, were used in the arrangement—one a postman carrying a Valentine letter and one a little boy and girl sweetheart.

Guests were seated before the fireplace in the living room at card tables covered with dark green lace cloths, centered with pink candles placed in lone star crystal candle-holders. Standing pink maps of Texas were place-cards, Valentine gifts were placed at honor guests' places.

A dried silver arrangement covered with various size pink hearts surrounding a crystal figure was used as a decoration in the living room.

Officers present were Meses. W. S. Seals, Gene Westmoreland, Ned Moore, W. F. Martin and Fred B. Moore Jr., who were co-hostesses at the luncheon.

## Visitors from Abilene Honored at Luncheon By Club Officials

Members of the Woman's Literary Club and the Garden Club were special guests when the new Fifty-Two Study Club of Hamlin observed Friday as Texas Day.

Hostess for the meeting was Mrs. Dean Witt. Co-hostesses were Mrs. J. B. Terrell Jr., Mrs. Ned Moore, Mrs. S. C. Ferguson Jr., Mrs. W. F. Martin, Mrs. B. O. Bell, Mrs. Fred B. Moore Jr. and Mrs. Vestal Townley, all members of the hospitality and program committee.

Mrs. Dudley reviewed "Sironia, Texas" by James Madison Cooper. Mrs. Dudley is first vice president of the Women's Federation of Clubs of Texas.

Mrs. Warner K. Novak offered the invocation. Mrs. Jack Richey, Fifty-Two Study Club president, introduced Mrs. Bill Shura, president of the Literary Club, and Mrs. A. A. Hackley, president of the Garden Club. Miss Hawkins, a member of the state board of directors and conservation chairman of the Women's Federated Clubs of Texas, also was introduced.

Texas Day favors were presented to guests, who were registered by Mrs. Gene Witt.

The tea table was covered with pink and grey tiered ruffled cloth of crepe paper. Centerpiece was a map of Texas with a bluebonnet scene mounted on white foam and flanked by pink candles.

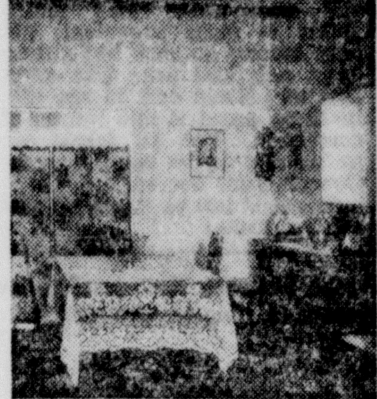

A large monks cloth bedspread made by Mrs. Theron Guffey of Abilene, which won first prize at the Texas Centennial Fair, and later given to her nephew, W. F. Martin of Hamlin, was background for the speaker's table.

## Robin's Kin Bluebirds Help March of Dimes

Mrs. E. N. Jenkins, counselor, announced that the Robin's Kin group of Bluebirds had raised \$19 for the March of Dimes in their downtown booth last week, when the unit met last Tuesday afternoon at the hut in West Hamlin.

The meeting opened by Mary Margaret Maberry lighting the candles and leading in repeating of the Bluebird wish.

Mrs. Irvy Weaver served refreshments to the girls and their leaders, after which the group enjoyed a penny hike.

Perhaps no room in the American home has undergone such a complete style change as the dining room. The dining room at the left was considered smart—and quite typical of its era—in 1926. Today, flexible modern dining room pieces adaptable for either the formal dining room or the combination dining-living room, shown at the top, are preferred by the 1952 homemaker, who more often than not does not have a separate dining room. Dining, except at holiday time, is getting more casual and informal all the time, though most women insist on a table that may be opened, on special occasions, to accommodate a full family gathering.

Furniture stores are now featuring an amazing collection of items for informal meals: hostess carts on wheels, stacking tables for TV suppers, chests that cleverly provide storage space for linens, china, silver, trays, etc., and room dividers that decoratively separate the living room from the dining area.

Now that the holiday season is approaching, the dining table is of utmost importance. The furniture shown here is of mahogany in a warm light brown finish called mocha.

## VFW Auxiliary Meets Honor Roll by Making Two Gifts

Honor roll requirements for the month are being met by members of the Ladies' Auxiliary of the Veterans of Foreign Wars post by a donation of \$2 to the Heart Fund and presentation of a flag to the DePriest Colored School, it was decided when the group met Thursday at their regular meeting. Mrs. Zelma Perryman, president, presided for the business session.

The auxiliary also paid their sponsor dues to the Camp Fire Girls group. Amount of \$5 was sent to the District 8 treasurer. Flowers were sent to one of the Gold Star Mothers of the organization, who has been ill.

Next meeting of the auxiliary will be Thursday evening, February 19, when a forty-two party is planned.

## Four Hamlin FHA Going to Brownwood

Four Hamlin High School girls were named delegates from the Hamlin chapter of Future Homemakers of America to attend the Area IV house of delegates of the Texas FHA, which will meet next Saturday at Brownwood High School.

Sessions will open at 9:00 a. m. and continue through 3:00 p. m. Purpose of the meeting will be to elect area officers and choose the location for the 1954 Area IV meeting.

Delegates named were Vera Tidwell, Jeanne Jones, Margot Patterson and Laveta Frinch. Vera is a candidate for the office of Area IV pianist.

Mr. and Mrs. L. B. Gage and Martha, Mr. and Mrs. Thomas B. Ferguson, Rebecca and Tommy attended the Fat Stock Show at Fort Worth last week.

## Fidelis Class Group Meets in May Home Tuesday Evening

Mrs. Elmer Brewer and Mrs. J. P. Morrison were hostesses for a meeting of the Fidelis Matrons Sunday School Class of the First Baptist Church when members met Thursday evening in the home of Mrs. Tate May.

The business session was presided over by Mrs. Virgil Steele, president of the group. Reports were given by different officers of the class. Mrs. Tom Routh, the teacher, stressed the importance of visitation.

After the business meeting, the social chairman, Mrs. C. L. Meyner, had charge of some games.

Refreshments were served to Meses. Tom Routh, W. B. Britton, A. H. Smith, S. C. Ballew, Virgil Steele, Fred Kidwell, Eva Eades, R. C. Ritchey, Opal Goodgame and Marsha, Troy Austin, Tate May and E. L. Meyner.

## Employees Need W-2 Forms for Income Tax

Abilene district office of the Internal Revenue office declared this week that in order to file a complete income tax return, employees must have a Form W-2, statement of earnings and income tax withheld, from each employer for whom they worked during 1952.

It advised that it would be appreciated if employers would make a special effort to furnish each employee with his Form W-2 statement at the earliest possible date. This will enable many employees to file an early return and, therefore, receive an early payment of any refund due.

## Mrs. Ashby White Tells of European Trip at Business Women's Club Dinner

Fifty-three members and guests were present at the Tuesday evening dinner meeting of the Hamlin Business and Professional Women's Clubs at the high school cafeteria and heard Mrs. Ashby White of Baird give an account of her European trip which was a study tour last summer sponsored by Texas Christian University of Fort Worth.

Maggie Mae Seymore, a classmate of Mrs. White at McMurry College and chairman of the club's international relations committee, introduced the speaker. Other members of the committee included Mrs. George Malouf and Mrs. Minnie Wilson.

Dolls dressed to represent foreign countries were an entertaining feature of table decorations. The Valentine motif was carried out to further give color and character to the occasion.

Guests included Mrs. Tate May, Rev. and Mrs. Duane Bruce, Mrs. D. W. Carlton, Lulan Vaughan, Georgia Moore, Rev. and Mrs. W. C. Embertqn, Mr. and Mrs. Ed Bailey, Rev. and Mrs. O. N. Lewis and Mrs. Joe Norton.

New members were introduced by the president and are Mrs. Eula Pointer, Mrs. Ossie Crowley, Mrs. Merle Copeland and Mrs. Albert Chandler.

February business meeting of the B&PW Club will be held Tuesday evening, February 17, it was announced. Roll call is to be a new item from the Independent Woman or the Texas Woman, official organs of the Business and Professional Women's Clubs. The

president suggested that members answer with a "gripe" if a news item is not used.

## Valentine Party Given For Baptist GAs At Monday Meeting

A Valentine party was featured when members of the Junior Girls' Auxiliary of the First Baptist Church met Monday afternoon at 4:00 o'clock at the church.

Kay Shelburne called the meeting to order, and Martha Jane Gage led in prayer.

After a series of games, the girls were served candy hearts and "forever yours" candy bars. Those present were Bunny Patterson, Kay Shelburne, Carol Joe Simpson, Geneva Brinegar, Leona Brinegar, Rebecca Ferguson, Sandra Helms, Nancy Carter, Libby Johnson, Lillie Sue Austin, Madeline Waraton, Brenda Fincannon, Ginger Rappjohn, Sue Flenkiken, Patsy Turner, Patricia Branscum, Elaine Riley, Martha Jane Gage and Mrs. J. A. Simpson, sponsor.

What every girl should know about **COOKING...**

It's so easy to bake, roast or broil with an Electric Range... no flame, less shrinkage of roasts, cleaner cooking, and a cleaner kitchen.

You can plug in the coffee-maker the night before, set the automatic clock timer, and coffee's ready when you get up in the morning—you can plug in the toaster or other appliances, too.

The deep-well cooker has many uses, not only for meals—but many other things—to make large quantities of coffee or cocoa at party time, to sterilize baby's bottles—and even to pop corn!

## DID YOU KNOW with an Electric Range you can:

Keep foods warm for long periods on low, gentle heat of surface units... prepare jams and preserves under broiler unit... use controlled, measured heat to cook frozen vegetables and fish without water, in aluminum foil on surface units... "prove" yeast dough in warming oven... freshen rolls by wrapping in aluminum foil and placing on surface unit on low heat for a few minutes?

"Yes, Judy, an Electric Range takes the guess work out of cooking and practically does the job itself. You can call it 'cooking without looking' because you put a meal in the oven, set the automatic controls, and forget it while you're doing something else.

"Another thing I like is the way you can cook on the surface units. Set the switch for the heat you want and you get it.

"Cook cheaper cuts of meat in the deep-well cooker, and you get delicious meals. Cakes and pies come out right every time. Broiling's a delight. You cook vegetables with so little water they retain both their flavor and their healthful vitamins."

"You're sort of fond of your Electric Range, Mom—and I understand why!"

**MOTHER KNOWS BEST...**

of course, it's **Electric!**

## Omar Burleson Pleased by Eisenhower Promise to Return Powers to States

President Eisenhower, in his first message to the Congress, said in effect, "We are going to fetch our city halls and court-houses away from Washington and send them back to Main Street, U. S. A.," reports Congressman Omar Burleson of Anson in his weekly reports to The Herald in his release, "As It Looks from Here."

In that simple declaration is expressed a feeling which many of us have shared for a long time, says Burleson, who continues:

Almost everyone has had something to say about the message. One of the shortest comments came from a Southern newspaper editor who became so wound up on what the president had said that finally he threw up his editorial hands in despair and wrote a one-word column, "Amen, Brother!"

Although my space here is short, I would not be content to simply add another "Amen" without qualification. While a few of his points are not entirely agreeable with my own views, his dominant and hopeful theme should bring encouragement to the hearts of all of us who seek relief from the "gimme" attitude and the "something for nothing" philosophy of federal government which has taken roots in this country in recent years.

In short, the president has promised to work for a far-reaching program of decentralization of government authority and responsibility. He stressed the need and necessity for each political subdivision—community, county and state—to assume the authority which it has to look after its own needs, and for each citizen to do the same. He left the multiple problems of decentralizing government squarely in the hands of the American people.

As everyone knows, at least a part of the responsibility for the enormous transfer of governmental authority from local and state hands into the federal government has come about because of the willingness of many to sacrifice the old American principle of self-reliance, initiative, opportunity and reward, for the sake of security. In the last several years the Congress has gradually yielded much of its power and responsibility to the executive branch of the government in the name of expediency.

Generally, we have been so willing to "let George do it"—and in this case, George is Uncle Sam—that we have reached a high state of dependency on federal aid, control and intervention of various sorts. Cases and instances can be cited on which a conclusion can be drawn that the constitution itself has been ignored.

**LIN V.F.W. POST NO. 6014**  
V. F. W. Head-Meets at  
quarters on the First  
and Third Tuesday  
Nights at 8:00  
o'clock.

As self-government in the states and counties and cities has diminished and moved to Washington, there has been a related decrease in participation by the individual citizen in his government. We cannot transfer authority and responsibility away from home without in turn losing interest, and ultimately, participation in governmental affairs.

Now the president promises to soft-pedal the federal government's role in many fields—agriculture, labor, business, social welfare and even foreign aid. The program he outlined in his speech is not the expression of theory alone, but is practical because it calls for a whole-hearted resumption of responsibility by the individual citizen.

Examples of the president's resolution to reduce big government are found in numerous places in his address to the Congress.

In the sphere of labor relations, for example, he made it plain that "American labor and American business can best resolve their wage problems across the bargaining table. Government should refrain from sitting in with them unless, in extreme cases, the public welfare requires protection."

He exhorted state and local groups and organizations of citizens to "restrain themselves in their demands upon Congress for funds."

Abandoning his earlier concept of "full parity" for farmers, the president said in his speech that "full parity must be sought in ways that minimize governmental interference in the farmer's affairs . . . and encourage farmers to use initiative in meeting changing economic conditions."

In foreign aid programs, the president called for greater initiative on the part of our allies whom we have sought to help. "The needed unity of Western Europe cannot be manufactured from without," he declared.

The president's address reminded us that man throughout the ages has sought security, and upon attaining it, has wound up losing some of his freedoms. The oyster, enclosed in its shell, has the highest degree of security. On the other hand, the eagle exists by his own initiative and self-reliance foraging for food and building his own nest in the rocks. One has security; the other has not. Yet when our founding fathers sought an appropriate emblem for the young United States, they chose the eagle—not the oyster.

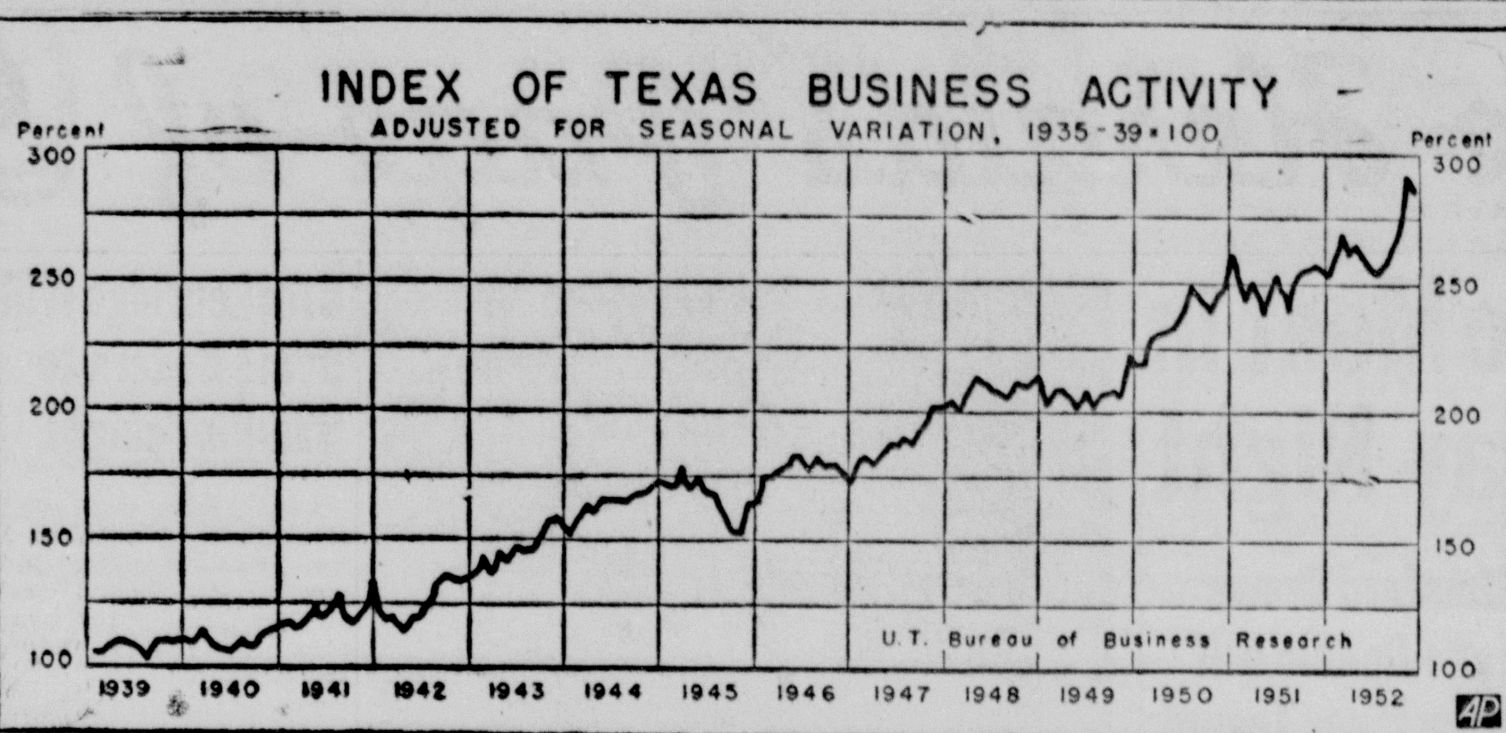

### SMALL HANDICAP.

Young Lady—"Can you squeeze me in here?"  
Bus Driver—"Why, yes, lady, if someone else will drive the bus."

Mr. and Mrs. Eddis Baker of Houston spent last week-end with Mrs. Baker's grandparents, Mr. and Mrs. O. L. Jenkins, Route 1.

### MORE ACCIDENTS.

Hunting accidents are always more numerous when both the gun and hunter are loaded.

TEXAS BUSINESS ACTIVITY CHART—Business activity in Texas during November remained close to the peak established in October, according to Dr. John R. Stockton, director of the University of Texas Bureau of Business Research, who prepared the chart above. From October to November the index fell less than one per cent.

## VETERANS QUESTIONS

The questions and answers below about veteran problems are carried as a service to present and former service members patronized by The Herald. Material for the column is supplied by the area office of the Veterans Administration at Lubbock.

**Question**—I'm planning to apply for institutional on-farm training under the Korean GI Bill. Does VA need anything more than just my completed application form?

**Answer**—Yes. You must include with your application: (1) Photostats of both sides of your discharge or separation papers; (2) a detailed outline of your training program as approved by your school; (3) a certificate from your school stating that the program meets all standards of the law; and (4) evidence that you have control of the farm on which you are going to train and that the training will occupy your full time.

**Q**—I am making arrangements to buy a house with a GI loan. Can part of the loan be used for advance payments I am supposed to make for taxes and insurance?

**A**—No. Prepaid items, such as taxes and insurance, must be paid for in cash, and may not be part of the loan.

**Q**—I signed up for the total disability income provision in connection with my national service life insurance. If I become totally disabled and draw payments under this provision, will the face amount of my policy be reduced?

**A**—No. The monthly income benefits will not decrease the face amount of your policy.

**Q**—How much of an allowance will I get if I enroll in a correspondence school under the Korean GI Bill?

**A**—Your allowance will be the school's established charge for non-veterans taking the same course. You, of course, must pay the school.

**Q**—Are loans made under the Korean GI Bill subject to the

down payment requirements of the Defense Production Act?

**A**—Yes. The down payment requirements of the Defense Production Act apply to GI loans made under the new Korean GI Bill in the same way that they apply to loans made under the World War II law.

### HISTORY OF TAXES.

The history of new taxes are that they stick and grow, and all the old ones remain with us.

Take your problems to church; millions leave them there.

## Rain Stops Work on New Gulf Station

Contractors were in the process of digging the foundation footings and trenches for the new Gulf Service Station to be erected at the corner of West Lake Drive and North Central Avenue, formerly occupied by Carroll's Service Station when rains stopped the work Tuesday.

Clyde Carroll is operating his business temporarily on East Lake Drive in the former Irwin Motor Company stand.

### YOU CAN KEEP IT.

The pretty young customer asked the saleslady, "Does this lipstick come off easily?"  
"Well," replied the saleslady, "not if you put up a fight."

### CROP ROTATION.

"Now, in my day," observed the old farmer, "when we talked about what we could raise on 100 acres, we meant corn—not loans."

### IT TAKES PRACTICE.

People who hit the bull's-eye are usually those who have spent a lot of time trying.

## Still No Delinquents Reported for Year By Three-County Draft Board at Anson

Draft board for this area, processing men from Jones, Shackelford and Haskell Counties, with headquarters at Anson, continues to report no delinquents for the year 1952, according to Mrs. Bill Dunwoody, clerk of the board.

Number of draft delinquents in Texas during 1952 decreased by 17 per cent, Brigadier General Paul L. Wakefield, state selective service director, said this week at Austin.

Consolidation of local board delinquency reports at state draft headquarters showed that local selective service boards had 796 delinquents on their rolls at the beginning of 1953, compared to 958 as of the beginning of 1952.

Boards at Dallas, Houston, San Antonio, El Paso, Edinburg and Fort Worth have 85 per cent of the delinquent total of the entire state. El Paso has more than any other single county.

The number of boards having

no delinquents decreased from 27 to 24 during the fourth quarter of 1952.

Boards currently having no delinquents are located at Lufkin, Pleasanton, Temple, Cuero, Angleton, Brownwood, LaGrange, Richmond, Fairfield, Fredericksburg, Anson, Jayton, Lampasas, Bowie, Giddings, Liberty, Perryton, San Angelo, McCamey, Canton, Victoria, Huntsville, Gainesville and Midland.

A delinquent is defined in selective service regulations as "a person required to be registered under the selective service law who fails or neglects to perform any duty required of him under provisions of the selective service law." Only a local board can declare a man delinquent.

Delinquents are subject to loss of certain privileges under the law, also to prosecution, penalty upon conviction ranging up to five years' imprisonment and up to \$10,000 fine.

## Pipers and Faculty to Meet in Cage Classic Tuesday Night

### Boys Say They Will Show Oldsters Tenets of Game

A rough-and-tumble and maybe scuff-and-fumble basketball game is on the sports menu for next Tuesday night when the Hamlin Piped Pipers take on members of the Hamlin School faculty in an exhibition tilt at the Junior High School gymnasium.

The Pipers, smarting from their hard luck defeats by very narrow margins over members of the District 5-AA loop teams, declare they will show the "old men" of the school system what's new on the basketball courts.

But members of the faculty crew declare they are not so old as some folks might think. And they point to the former athletic stars that will deck the line-up in the Tuesday night tilt.

Starters for the faculty team will probably be Bob Nunley, B.V. Newberry, Vernon Townsend, Elvin Hill and John Taylor. Others who are tentative cagers for the faculty are Harold Eades, I. R. Huchingson, T. C. Blankenship, Marvin Carlton, G. C. Black and Walter Chalcraft.

Line-up for the Piped Pipers will find the usual starters on tap. They are Robert Fletcher, Milton Bulter, Kenneth Barnett, James Burkhardt, Glenn Smith and Jimmy Ray.

**WEDDING BRAWLS.**  
Preacher's Wife—"How was the wedding?"

Preacher—"It was fine until I asked the bride if she would obey and she said, 'Do you think I'm crazy?' The groom was in a daze and mumbled 'I do.' That's when things began to happen!"

Creomulsion has stood the test of many millions of users.

### CREOMULSION

Relieves Coughs, Chest Colds, Acute Bronchitis

### DISTRICT 5-AA STANDINGS

Stamford High School's Bulldogs went into undisputed lead of the District 5-AA basketball race this week by defeating the Merkel Badgers Tuesday night by a mere one point. With only one more regular season tilt on the slate, standings looked like this after Tuesday's battles:

Team	P.	W.	L.	Pct.
Stamford	9	8	1	.889
Merkel	9	8	2	.777
Anson	8	5	3	.625
Hamlin	9	3	6	.333
Colorado City	9	3	6	.333
Rotan	8	0	8	.000

#### Results of Past Week.

Stamford 52, Hamlin 42.  
Merkel 83, Rotan 25.  
Anson 63, Colorado City 62.  
Colorado City 56, Rotan 41.  
Stamford 47, Merkel 46.  
Anson 59, Hamlin 35.

#### Games Slated Friday.

Hamlin at Colorado City.  
Stamford at Rotan.  
Anson at Merkel.

### McCaulley and Rotan Graders Split Games

McCaulley seventh and eighth graders played the Rotan graders in basketball Friday at McCaulley gymnasium.

McCaulley girls won their game by a 15 to 5 score. High point girl was Tressie Taylor.

Rotan boys took the McCaulley group's measure by a 25 to 21 score. High point boy was George Davis of McCaulley.

### Football Schedules Changed at Meeting

Football schedules for member schools of District 5-AA were given some alterations Tuesday night when representatives from the six member schools met at Rotan High School.

Some of the schools already had announced their schedules, but all will be changed some, declare Head Coach Vernon Townsend and Line Coach Elvin Hill of Hamlin, who attended the conference.

### Stamford Crews Take Double Bill From Piper Teams

Stamford basketball crews took both ends of a double bill from the Hamlin cagers Friday night on the Hamlin Junior High School gymnasium courts.

After trailing for two quarters, the Bulldogs rallied in the third and fourth periods to defeat the Piped Pipers by a 52 to 52 score, holding their tie with the Merkel Badgers for the District 5-AA lead spot.

F. A. Sosebee and Mike Wash led the scoring for the Bulldogs with 14 and 13 points respectively. James Burkhardt bucketed 14 tallies for the Pipers and Robert Fletcher marked up 11 points.

The A game box score follows:

HAMLIN A (42)	FG	FT	PF	TP
Robert Fletcher, f.	4	3	4	11
Milton Bulter, f.	3	0	2	6
Kenneth Barnett, f.	1	0	1	2

The champion, 1,205 pound Hereford named Prince Bob, was hown by Johnny Wigley, 13, of Goldwaite. At right is Show President Ralph Johnston.

### Hamlin Boxers Take Most of Matches At Haskell As Six Cities Participate

Hamlin High School's boxers took the lion's share of matches in an inter-city tournament sponsored Friday night by the Haskell Fire Department at Haskell.

Boxers from Haskell, Seymour, Knox City, Anson and Weiner participated in the bouts.

Richie Smith served up his sixteenth straight victory. Allen Leonard marked up his sixteenth consecutive win for the Hamlin crew. Roy Williams was the boy of the night for Hamlin, however, when he beat Haskell's favorite, to whom he had previously suffered two straight defeats.

Results of the tourney by bouts follow:

Richie Smith, 65, of Hamlin knocked out Kenneth Luttrell, 65, of Seymour in the second round.  
Allen Leonard, 85, of Hamlin, defeated Jimmy Brock, 80, of Haskell, by a technical knock-out over Tommy Polston, 68, of Haskell in the second round.  
James Hodges, 72, of Seymour, defeated Don Pennington, 80, of Haskell, by a technical knock-out over Leonard Bird, 158, of Knox City in the first round.  
Roy Williams, 81, of Hamlin, won by a technical knock-out over Leonard Bird, 158, of Knox City in the first round.  
Jimmy Hollingsworth, 118, of Munday, defeated Doug Brown, 114, of Haskell, Mike Bishop, 142, of Seymour and James Fowler, 147, of Haskell, were awarded a split decision.  
Jerry Haskley, 138, of Knox City and Scotty Oman, 139, of Weiner, were awarded a split decision.  
Lane Fletcher, 125, of Hamlin, defeated Jimmy Reeves, 125, of Weiner.  
James Godwin, 85, of Munday, won by a technical knock-out over John Mitchell, 80, of Anson in the second round.  
Robert Farris, 156, of Seymour, defeated Bobby Bourwell, 156, of Haskell.  
Kenneth Kelly, 113, of Hamlin and Jerry Mullins, 114, of Haskell, were awarded a split decision.

Remember better schools build a stronger America.

### Breckenridge Will Bring Boxers to Hamlin Tonight

A return boxing match with the gloves from Breckenridge has been scheduled by the Hamlin crew for this (Friday) evening at Hamlin High School gymnasium. Bouts will get underway at 7:00 o'clock.

This will probably be the last home match for the year, declares Don McLaughlin, coach of the Hamlin gloves, unless some arrangements are made with the popular Tom Adams team of Brownfield.

"In case Breckenridge fails to supply opponents to fulfill our first two weight divisions, we are thinking of unveling the fight of the year," McLaughlin said Wednesday. "This is one bout that everyone thinks about but does not speak of—between Richie Smith and Dudley Griggs."

These two boys have excellent records. Richie has fought 17 fights, with his only loss on that fateful trip to Wellington last year. Six of these bouts have been won by knock-outs and technical knock-outs. Dudley has staged seven fights, winning three by knock-outs and four by decisions.

Dudley has a perfect record, but he has not been to Wellington!

"With Dudley being the hard hitting slugger and Richie the hard hitting boxer, it would be an interesting event for fans to watch," says McLaughlin.

### LOCKED FLAVOR, MAYBE.

It happened during the days of the lurchroom on the corner of the Muskogee depot grounds. A man entered and seated himself at the counter.

"A cup of coffee," he ordered.

He picked up the pepper pot and sprinkled pepper into the coffee. Then he grabbed the salt shaker and repeated the procedure. Then he reached for the catsup bottle and poured catsup in the coffee.

He tasted this mess.

"My goodness!" he cried. "This coffee tastes terrible!"

The waiter glared at the customer. "Well, what did you expect?" he sneered. "There's nothing in that coffee now but pepper, salt and catsup."

The other nodded thoughtfully. "Maybe you're right," he agreed. "Pass the mustard!"

### McCaulley High School Girls Win Third Place in Hardin-Simmons Tournament

McCaulley High School girls, playing a super brand of basketball, topped tournament favorite Avoca last Friday to become one of the dark horses of the second annual Hardin-Simmons University invitation girls' basketball tournament at Rose Field House at the Abilene school.

McCaulley, with a foursome of guards doing a terrific job of putting the damper on high-scoring Shirley Shelton and Dortha Eastering, eliminated Avoca by a 43 to 33 score.

Box score on the upsetting tilt follows:

McCAULEY (43)	FG	FT	PF	TP
P. Lawlis, f.	7	1	0	15
Sipe, f.	8	1	1	17
Cartier, c.	0	0	2	0
Jeffery, c.	0	0	4	0
Kowal, g.	5	1	2	11
Davis, g.	0	0	3	0
Maherry, f.	0	0	4	0
Totals	20	3	16	43

AVOCA (33)	FG	FT	PF	TP
D. Easterling, f.	8	5	2	12
B. J. Workman, f.	0	4	0	4

## Training Union Enlargement Will Be Topic of County-Wide Baptist Session

"Enlargement of the Training Union in Jones County" will be the theme of the Jones County Association Training Union conference next Tuesday afternoon and evening, when representatives from the 32 Baptist Churches of the county will meet at the First Baptist Church in Anson.

Delegations from the First Baptist Church and the North Central Avenue Baptist Church of Hamlin will attend, say church leaders.

Program for the conference will begin Tuesday afternoon at 5:00 o'clock with board meetings.

Supper for all attendees will be served in the church basement at 6:00 o'clock. Song services will follow at 7:00 o'clock. Wimpy Smith, state vacation Bible School leader, will speak.

Conferences for the various sections of the Training Union will be held from 7:30 to 8:00 o'clock. Topics for discussion at the conferences are: "Presenting the Plan of Enlargement," "Why Enlarge the Training Union?"

## Methodist Class to Sponsor Film Release

"One Foot in Heaven," a film story, will be shown in the Fellowship Hall of the First Methodist Church Thursday evening, February 26, starting at 6:00 o'clock, announce officials of the Young Adult Sunday School Class of the church, sponsors of the showing.

Two showings will be made of the film. Admission of 50 cents for adults and 15 cents for children will be charged. Refreshments will be served by members of the class to attendees.

The public is invited to witness the film, class members declare.

"How Near Are You to an Ideal Training Union?" and "A Challenge to Enlarge."

Program for a general meeting beginning at 8:00 o'clock follows: Special music by girls' quartet. Special feature: "How We Do It."

Awarding of attendance banner and loving cup.

Inspirational message: "The Glory of Going on for the Training Union," Dr. Sterling Price, pastor of the University Baptist Church in Abilene, president of the Texas State Training Union Convention.

## Hamlin Boxers Win Four Bouts in Munday Matches

Don McLaughlin's light-weight boxers turned in a good record Monday night when they participated in an inter-city boxing tournament sponsored by the Volunteer Fire Department at Munday. Hamlin gloves won four bouts; Munday, Knox City, Seymour and Wichita Falls took three fights each; Haskell took two; and Anson and Luaders had one bout each.

Two exhibition bouts featured winners of the recent Wichita Falls regional tournament. Dick Lopez and Bobby Goforth battled in the welterweight match, and Dickie Don Woods, a bantam winner, exchanged blows with fly-weight champ Don Barnett.

Results of the evening's cards by bouts follow:

Kenneth Parker, 67, of Munday, defeated Roy Williams, 100, of Hamlin. Kenneth Kelly, 112, of Hamlin, defeated Kenneth Chavez, 119, of Munday. Larry Fletcher, 123, of Hamlin, defeated Bobby Archer, 125, of Anson. Doug Brown, 119, of Haskell, defeated Harold Skiles, 123, of Munday. James Busby, 146, of Knox City, won by a technical knock-out over Winston Patton, 145, of Seymour in the first round.

James Harris, 136, of Seymour, defeated Scotty Oman, 136, of Haskell. Erich Johnson, 136, of Knox City, defeated Robert Ferris, 156, of Seymour. Terry Woods, 135, of Seymour, won by a knock-out in the first round over Erich Wilson, 129, of Knox City. Max Dillard, 135, of Luaders, defeated Kenneth Stewart, 134, of Haskell. Bill Hollingsworth, 148, of Munday, defeated Babe Jones, 140, of Breckenridge.

J. R. Vessels, 135, of Wichita Falls, defeated Jack Jenkins, 138, of Breckenridge. Jerry Jones, 138, of Wichita Falls, defeated Don Schlaefli, 138, of Breckenridge. Jimmy Brock, 85, of Haskell, defeated Fletcher Beaulieu, 85, of Wichita Falls. James Hodges, 80, of Seymour, defeated Joe Adams, 85, of Wichita Falls. Jerry Adams, 82, of Wichita Falls, defeated...

DADDY WON AGAINST NINE RED PLANES LIKE THIS MODEL—Jet Ace Captain Cecil Foster, 27, shown here with his family in San Antonio after completion of combat duty in Korea, shows a model of the MIG-15 to his admiring family. He was top ace in Korea with nine kills when rotated. Left to right: Cecil Jr., 7; Rodney, 22 months, and Bryan, 6, and Mrs. Foster, the flier's attractive brunette wife.

## Hamlin Area People Interested in Moves To Help Water Shortage in Brazos Shed

People of the Hamlin region and the West Texas area drained by the Brazos River tributaries are interested in legislation that

## Two-Night Boxing Tournament Set at Hamlin Next Week

A two-night invitation boxing tournament is being planned for Hamlin on Tuesday and Friday night, February 24 and 27, it was announced this week by Don McLaughlin, sponsor of the local boxing crew. Events will be staged in Hamlin High School gymnasium.

McLaughlin said Wednesday he is expecting from 15 to 25 fights each of the two nights. Boxing teams from the following towns have been invited: Roby, Haskell, Munday, Anson and Boys' Ranch of Abilene.

Individual boxing trophies will be awarded in each of the 12 weight classes and a team trophy for the group taking the most championships, McLaughlin says. More complete stories on the tournament will appear in next week's issue of The Herald.

declined Wayne Lawrence, 95, of Seymour. Sammy Neal, 158, of Anson, declined. Bob Jensen, 164, of Knox City. Mark Davidson, 131, of Knox City, declined. Lon Liggerstaff, 152, of Seymour.

is shaping up affecting the water problems of West Texas.

Legislation of importance dealing with the acute water problem in a major part of Texas is incorporated in House Bill 177 introduced by Representative Allison of Mineral Wells.

Passage of this bill will change the official name of the Brazos River Conservation and Reclamation District to Brazos River Authority.

The legislation would permit the Brazos River Authority to construct conservation dams for municipal, industrial and irrigation uses by issuing revenue bonds.

George Chance, chairman of the Brazos River Authority Board, said this week in a release to The Hamlin Herald: "The Brazos board believes several multipurpose reservoirs might be constructed in the Brazos watershed to implement irrigation and furnish much-needed municipal supplies without being burdensome on city government where an acute shortage of water exists."

Other provisions of the act would permit the authority to purchase transmission properties from a customer to which it sells power and through a lease repara-

chase arrangement to realize a substantial profit through the term of the contract. The profits would finance additional water conservation dams in West Texas.

The legislation has been approved in principle by the legislative council, and passage of the bill will be an important step in helping solve the water problems

## Funeral Rites for Mrs. Mahaffey, 83, Held at McCaulley

Mrs. J. W. Mahaffey, 83-year-old West Texas pioneer, and resident of Eastern Fisher County for nearly half a century, died in a Roby hospital early Monday morning after a lingering illness.

Funeral services were conducted Tuesday afternoon at 3:00 o'clock at McCaulley Baptist Church. Rev. J. T. Campbell, pastor of the First Baptist Church of Roby, officiated. Grandsons of the octogenarian acted as pallbearers.

Interment was in the McCaulley Cemetery under direction of Barrow Funeral Home of Hamlin.

Mrs. Mahaffey moved with her family to Fisher County in 1905 from Comanche County, and had lived around McCaulley and Roby since that time. Mr. Mahaffey died March 22, 1943.

Survivors include a daughter, Mrs. L. G. Bailey of Slaton; two sons, Tom Mahaffey of Roby and Roy Mahaffey of Fresno, California; 29 grandchildren and 30 great-grandchildren.

Burning the candle at both ends makes an awful drip.

of the Brazos River basin, according to Mr. Chance.

California Creek, which passes through Hamlin, and Paint Creek, which is destined to supply Hamlin with city water supplies, empty into the Brazos River.

## Farmers of Region Putting Terraces in Shape to Hold Rains

W. C. Matchett had his old terraces checked on two of his farms at Hamlin last week. Garth McCullum and W. L. Stern of the Soil Conservation Service at Stamford checked the old terraces and ran lines for new ones where needed, to insure holding all the water on the fields.

J. H. Rivers has started maintenance of his terrace system on his farm at Tuxedo. Rivers is using a whirlwind terracer to rework his old terraces and make them big enough for better soil and moisture conservation.

Elmo Link in the Tuxedo community is making end blocks on his terraces in order to hold all the water that falls on his land.

Terracing has begun on the J. O. Amerson and John Apperson farms near Tuxedo. Work will be completed next week.

Terraces have been completed on the L. M. Hardy and H. C. Rodgers farms south of Stamford.

## UNKNOWN ARTICLE.

Upbraiding his teen-age daughter for her slovenly appearance, a father started in on a tirade of the faults of modern day children.

"Why, look at your hair," he snorted, "it looks like a mop." "What's a mop?" interrupted the girl.

and on the A. A. Hackley and B. B. Reid farms at Hamlin. The farmers had the help of the Soil Conservation Service and the Production and Marketing Administration office on their terrace systems.

## Film Shows Lions Workings of Stock Market and Broker

"Fair Exchange" was the title of an interesting and informative sound film concerning the buying and selling of stocks and bonds presented as the main program feature of the Tuesday noon luncheon of Hamlin Lions Club at the oil mill guest house.

Brought to Hamlin by Shep Neal of the investment firm of Merrill Lynch, Pierce, Fenner & Beene of Wichita Falls, the film explained the workings of the brokerage and stock market business, revealing that sound investments in stocks are practical even for the small investors.

It was announced by President Claude Lancaster that the semi-annual ladies' night program will be staged by the Hamlin club on Tuesday, March 17.

Lions were also reminded that the joint session of the Lions and Rotary Clubs will be held at the Hamlin High School cafeteria on Wednesday, March 4, at noon in observation of Know Your Schools Week.

Harry Carmichael, former owner and operator of the Ideal Steam Laundry, was recognized as a re-instating member. He has recently moved back to Hamlin from Dallas.

Guests besides Neal and Carmichael were Henry Bell of Sweetwater and R. C. Smith.

## Health Officer Urges Vigilance in Fight on Polio Vaccine

Reports of a vaccine capable of preventing polio and the use of gamma globulin for minimizing the effects of the disease are heralded as major achievements in the research against this great crippler and killer of children.

Dr. George W. Cox, state health officer, warns that both are still in the experimental stage. While they hold great promise, much study will yet have to be done before being available to the general public.

In the meantime, Dr. Cox advises that everyone observe the known rules of sanitation. These practices have proven their value not alone in the prevention of polio, but of other diseases such as typhoid fever, dysentery and malaria. Even when a definite preventive of polio is available to the public they should not discontinue their efforts toward maintaining sanitary surroundings.

Sanitary efforts should be carried out every month and every day in the year. Householders, business houses and industries are responsible for keeping their property in a sanitary condition. Cities must furnish an uncontaminated water supply, maintain an efficient sewage disposal system and proper garbage collection and disposal.

Dr. Cox placed the responsibility on the individual when he said: "Insanitary places do not make the person but the person makes the places." If you have been lax in maintaining cleanliness of your surroundings during the past few months, now is a good time to start an intensive clean-up. Texans can help prevent disease and assure themselves of better health by maintaining a high standard of sanitation.

## IT'S THE LAW IN TEXAS ...

A Public Service Feature of the State Bar of Texas

### RULES DIFFER IN DIVIDING SEPARATE COMMUNITY ESTATES

The death of an intestate person (one who has made no will) may give rise to many problems regarding distribution of his separate estate. Last week we investigated the manner of dividing the community estate upon the death of a husband or wife. Now we shall see that, where separate property is involved, a completely different set of rules applies in determining heirship and apportioning the estate among the rightful claimants.

As a basis for our search of the law, it may be well to recall that the separate estate of a husband or wife includes property owned by either before marriage, and that which is acquired after marriage by gift or inheritance. Any other property acquired after marriage is presumed by law to be community property until the contrary is clearly proved.

Now let us get on with the problem. Here is a general idea as to how your separate property will be divided if you do not make a will with contrary provisions prior to your death.

If your husband or wife survives and if, in addition, there are surviving children or descendants of previously deceased children, the children and their descendants immediately obtain a full (fee) title in two-thirds of the real estate involved. The surviving spouse receives a life interest in the remaining one-third of the real property, which passes on to the children and their descendants upon the death of the spouse.

The rule for distributing personal property—cash, stocks and bonds, furniture or any other items not constituting real estate—is different. Here the surviving spouse gets full ownership of one-third, and the children and their descendants inherit the balance.

Now, suppose your husband or wife survives, but there are no surviving children or their descendants. In this case the sur-

## Rites Held at Roby For Soldier Who Died in Germany

Final rites for Army Private Rayford E. Teel, 21-year-old son of Mr. and Mrs. C. W. Teel, living between Hamlin and Roby, were conducted Friday afternoon at the First Baptist Church in Roby.

Young Teel died January 4 in a U. S. Army hospital in Germany. Death was attributed to a cerebral edema and confusion. A letter from the soldier's commanding officer said an investigation into his death was being continued.

Private Teel voluntarily enlisted and had served 18 months of a three-year hitch. He had been in Germany, attached to the 45th Engineer Construction Battalion, since July 1, 1952. He served as a cook, and as crane and shovel operator.

Rev. J. T. Campbell, pastor of the Roby church, officiated. Military rites were conducted by a unit from the Fisher County Veterans of Foreign Wars post.

Private Teel was born at Sylvestor, Fisher County, on April 9, 1931. The family later lived near Rotan and then at Grapeland, in Houston County. They returned to Fisher County to farm east of Roby about two years ago.

Besides his parents, other survivors include four brothers and one sister.

## Rain Totalling .40 of Inch Falls in Region

While still hoping for more, the people of the Hamlin territory gratefully welcomed .40 of an inch of rain Monday and Tuesday nights. But the nearly half an inch of moisture will be a boon to the small grain crop that has been holding up well despite the lack of usual winter snows and rains.

Monday night the clouds looked promising, but gave out with only .33 of an inch of dampness. They came back Tuesday night and dumped .07.

This .40 of an inch is the total for the year, January having failed to register any rainfall.

### BABY'S PROBLEM.

"Oh, John!" shrieked the young mother, "baby has swallowed a coin."

The father took a handful of change out of his pocket and looked it over. "Calm yourself, Kate," he said, "it was that counterfeit quarter I have been trying to get rid of."

living spouse inherits all of the personal property involved.

With regard to real estate, the survivor obtains full title to one-half, and the other half is divided between your mother and father, if both survive you. If only one of them survives, he or she receives only half of this portion, and the other half (or one-fourth of the entire real estate) will be divided among your brothers and sisters (and their descendants) who survive. If there are no surviving brothers and sisters and their descendants then the one surviving parent inherits the full one-half.

Where no parent survives, but there are brothers and sisters and descendants, the full one-half is divided among these survivors.

And, if there are no parents or brothers and sisters (and their descendants) surviving, then the surviving husband or wife inherits all of the real estate.

(This column, based on Texas law, is written to inform—not to advise. No person should ever apply or interpret any law without the aid of an attorney who knows the facts, because the facts may change the application of the law).

# Roger Babson Declares Cycles Control Business Fluctuations and Declines

Business cycles is the topic of Roger W. Babson, renowned economist and business analyst, who is a regular contributor to columns of The Herald in his article for this week.

Mr. Babson says: I don't believe in a universal business cycle. I do believe, however, in many business cycles. Under Newton's law of action and reaction business cycles are inevitable with human nature as it is.

When someone tells you he does not believe in the business cycle it is because he pinned his faith on one business cycle and tried to make the same cycle apply to the stock market, interest rates, real estate, labor strikes, building, retailing, manufacturing and the like.

Not only do all the above have their own cycles, but different industries may have different cycles. For instance: Wheat has a 9.6-year cycle; iron and steel a six-year cycle; automobiles a 13-year cycle, and so forth.

Although there may be a score of different cycles, all working at the same time, 90 per cent of the readers of this column are tied up with five main cycles. These are: (1) The 35-year cycle, which applies to agriculture, weather, insect pests and so forth. Every other 35 years the cycle is very severe. Hence, some talk also about a 70-year cycle; and others about a 50-year cycle.

Of course, all brokers ridicule this cycle theory. If too many of their customers bought stocks only once in six years, they would starve to death. Even the Mutual Investment Funds, which last year did a business of \$4,000,000,000, cannot afford to go without dividends for three years while waiting for the market to drop. Besides, their sponsors could not support a sales force under such conditions.

Operating under any cycle theory requires great self-control and patience. It requires selling when the government, brokers and magazines are bullish; likewise, it requires buying when everyone is discouraged and sees no hope for stocks at any price. On the other hand, those who do so operate to level out business and employment conditions.

Some conservative bankers do not believe in any cycle theory because it misses once in a while when different cycles conflict. Furthermore, although they admit it might have worked under a gold standard, it cannot be depended upon—they claim—with a planned economy and paper money. My answer to them is that they can operate on an actuarial basis the same as insurance companies do. Stock losses can be averaged the same as can fires, accidents and deaths.

## Mrs. C. C. Cohorn Dies Friday Here Of Heart Attack

Funeral services for Mrs. C. C. Cohorn, 48-year-old Hamlin housewife, were conducted Sunday afternoon at 3:00 o'clock at the First Baptist Church in Hamlin. Rev. Miles B. Hays, pastor, officiated, assisted by Rev. Henry Littleton of Lueders.

Mrs. Cohorn died suddenly of a heart attack at her home at 7:30 o'clock Friday evening.

Interment was in the Hamlin East Cemetery under direction of Barrow Funeral Home.

Mr. and Mrs. Cohorn moved to Hamlin from Stamford in 1924. Survivors include the husband; three daughters, Maggie May and Thelma Cohorn and Mrs. Floyd E. Turner, all of Hamlin; two sons, R. L. Cohorn of Temple and Stanley J. Cohorn of Hamlin; one brother, W. R. Phillips of Shreveport, Louisiana; and one grandchild.

### RECLAMATION PROJECT.

After listening to all the campaign speeches, it's too bad we can't salvage the wire from everything that's haywire these days.

## Katy Carloadings Down from Last Year

Local carloadings for Missouri-Kansas-Texas Railway Lines for the week ending January 30, 1953, were 4,559 compared with 5,603 for the corresponding week last year. Received from connections were 4,848 cars compared with 4,457 cars for the same week a year ago.

Total cars moved by the Katy for the year to date were 39,564 compared with 38,913 for the same period in 1952.

WILDCAT GAS WELL WASTING 100,000 FEET PER DAY—Engineers estimate that this out-of-control gas wildcat near Grandfalls in West Texas was blowing 100,000 cubic feet of highly flammable gas per day when this picture was taken. Workmen are shown removing loose material preparatory to installing a giant valve. The fiery plume could be seen for 10 miles and heard three miles away.

## McCAULLEY COMMUNITY NEWS

By RUBY PERRYMAN

McCauley High School girls won third place in the Hardin-Simmons University invitation basketball tournament last weekend at Abilene. McCauley defeated Divide in the first round of play by a 52 to 18 score; then count, and lost to Mason 43 to 35. They came back to beat Hawley girls 50 to 32 for third place honors. McCauley was paced by all-tournament first team forward, Bonnie Sipes, who tossed in 36 points for a single game record.

Mrs. T. E. Green went to Big Spring Monday for a medical check-up.

Mrs. Fred Kemp is teaching for Mrs. Cecil Woods, who is ill.

Mr. and Mrs. W. O. Bouchelle of Midland visited the Ben Shorts Saturday.

Joe Lloyd Galloway of the Army Air Force was home on leave the past week.

Technical Sergeant James B. Smith of Randolph Field, San Antonio, visited his mother, Mrs. L. B. Smith, Saturday.

Corporal Charlie W. Lee, Navy man on the USS Quincy, is home on leave. He visited with friends at McCauley Tuesday.

Avoca High School girls defeated the McCauley girls Monday night in a non-district basketball game at the Anson Grade School gymnasium by a score of 34 to 32.

Mrs. J. W. Mahaffey, 83, died

### SUCCESS NO ACCIDENT.

Success is never an accident—it comes to the fellow who does his work a little better than it needs to be done.

### RUSSIAN BOAST.

Among other things the Russians boast the biggest library in the world, and we'll bet it isn't read if it isn't Red.

in the Roby Hospital at 4:00 a. m. Monday. Funeral services were held at 3:00 o'clock at the McCauley Baptist Church Tuesday afternoon. Survivors include a daughter, Mrs. L. G. Bailey of Slaton; two sons, Tom Mahaffey of Roby and Roy Mahaffey of Fresno, California.

Dannie, son of Mr. and Mrs. J. W. Mahaffey, was honored with a birthday party Tuesday afternoon.

## Camp Fire Girls Official Speaks at Rotary Luncheon

Today's homes, churches and schools are much more substantial and dependable as a result of the Camp Fire Girl movement, declared Roy Hathaway of Albany, president of the West Texas Area Council of which Hamlin is a part, when he spoke at the Wednesday noon luncheon of the Hamlin Rotary Club at the oil mill guest house.

Hathaway, who is president of the Albany Chamber of Commerce, also is vice president of the five-state area for Camp Fire Girls. He is a geologist for the oil production firm of Jones & Stasney, which operates in this area.

The speaker told of the inception of the Camp Fire Girl movement in 1910 in New York City, when it was established by Dr. and Mrs. Luther Gulick. The organization had for its basic purpose the guidance of young girls along sponsored play and activities built around the home, school and church. These principles continue to be principal tenets of the organization today, which has grown into one of the leading youth movements of the world, Hathaway declared.

He pointed out that three divisions are sponsored by the Camp Fire Girls—Bluebirds for girls between six and nine years of age; Camp Fire Girls, for girls from 10 to 15 years of age; and Horizon Girls, for those from 15 to 18 years of age.

Besides Hathaway, other guests at the Wednesday luncheon included seven from Sweetwater; Gene Ruby of Albany and Jim Ferley of Slaton.

### SELECTED BRIEFS.

A woman flees from temptation, but a man crawls away from it in the cheerful hope that it may overtake him.

A wedding ring is like a tourniquet—it stops your circulation. The average man is proof enough that a woman can take a joke.

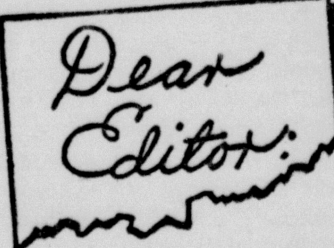

## Santa Fe Carloadings Running Below 1952

Santa Fe System carloadings for the week ending February 7, 1953, were 22,660 compared with 24,619 for the same week in 1952. Cars received from connections totaled 12,961 compared with 12,759 for the same week in 1952. Total cars moved were 35,621 compared with 37,378 for the same week in 1952. Santa Fe handled a total of 35,660 cars in the preceding week of this year.

### OATH OF ALLEGIANCE.

Most people who yelp so loudly against taking the oath of allegiance to their country make it sound like a good idea.

Wouldn't it be nice if it took as long to spend money as it does to save it?

New... All New -and- DEPENDABILITY, TOO!

**New Red Ram V-8 Power**  
Most efficient engine design in any American car. New surging 140 horsepower.

**New Spacious Travel Lounge Interiors**  
Check the extra leg-room, head-room and elbow-room Dodge offers! For extra comfort, safety.

**New Clean-lined, Streamlined Beauty**  
Dodge is Styled for Action with sleek, trim lines for "Beauty with a Purpose."

The Action Car for Active Americans

A "Road Test Ride" will convince you that the '53 Dodge is the most completely new car on the road. Its amazing nimbleness and maneuverability, its roomy comfort and flashing performance will change your ideas about how much solid enjoyment a car can offer. And with all this, you get the deep-down dependability that has been a Dodge buy-word for thirty-nine years. Dodge stands for dependability; Dependability stands for Dodge. You'll know what this means when you own one.

**53 New-All New Dodge**
